Rev. J. Cumming Smith Says It Will

Probably Be Started. The Rev. J. Cumming Smith, of the Tabernacle Church, had declined until yesterday to answer inquiries whether or not he was arranging to open a boys' school Yesterday he answered in the affirmative "I have had John Fisher Peck, of Oberlin, with me for a few days," he said, "and we have called on a number of prominent men. They encourage us, and if we have the same word from others whom we visit for universities. Our school will have a dormitory for students from outside Inleast a hundred students to start with." "Do you intend to give up your pulpit?" Mr. Smith was asked. "Oh, no," he answered, "I take too great delight in preaching to give it up. I am just the projector of this school.

Edward Swanson while on his way from Pittsburg, Pa., to his home in Paxton, Ill. yesterday was seriously injured in this city. He was sitting on top of a box car at Meridian street and the Belt road when bumped into the car on which Swanson was sitting, and he was thrown to the ground. He fell with his right shoulder resting on the rall. The cars were moving and a wheel struck Swanson's shoulder, crushing it badly. He was taken to the City Dispensary, where his injuries were dressed by Dr. Schenck, who sent Swanson to the City Hospital.

LARGEST PIANO FACTORY IN THE WORLD AT NEW CASTLE.

Albert Krell, of the Krell-French Company, at the Hotel English -Other Hotel Visitors.

Albert Krell, president of the Krell-French Piano Company, which is preparing to erect a large plant at New Castle, is at the Hotel English. He is here to award the contract for the erection of the company's main building. The boiler house and dry kilns were built by New Castle contractors. Mr. Krell expects to award the contract by to-morrow. It is announced that this will be the largest plano manufacturing establishment in the world. Mr. Krell has associated himself with twelve of the largest piano dealers in the country. He says they will make a high-class plano -one that will retail for about \$400. The output of the factory will be about 1,000 planes a month. President Krell says it is hoped to get started about the 1st of September, and by the first of the year the company expects to employ 1,000 people.

The factory will be constructed of brick and will be three stories high The Krell-French Plano Company is at present engaged in the manufacture of pianos at Springfield, O. The company formerly occupied an extensive plant there, but was burned out. The building it occupied was owned by Senator Fairbanks. The company is still manufacturing pianos at Springfield in a small way.

BIT OF POLITICAL HISTORY.

How Charles S. Hernly Became Chairman of State Committee.

Dr. Thompson, the man who perhaps had more to do with making Charles S. Hernly chairman of the Republican State committee, than any one else, was at the Hotel English yesterday. Mr. Coulter was formerly a member of the Board of Control of the prison and has considerable knowledge of what goes on there. "In an institution of that magnitude," he continued, "and the class of people the deputy warden has to come in contact with and manage, it is but natural that little things come up that one not familiar with prison affairs might not indorse, but in a general way I consider the officers of the prison capable. efficient and thoroughly imbued with their duties in connection with the work. Harry Hackleman, 508 Birch avenue, and Thomas McNerney, 1182 Kentucky avenue, were arrested yesterday by Patrolman Larsh on charges of assault and battery and inciting a riot. It was said by Patrolman Larsh that the two boys, with a number of others, left Phoenix Hall, Morris and Meridian streets, early yesterday morning, greatly under the influence of liquor. Mr. Nicholson married several years ago. A short time after his marriage he felt called to the career of a business man and moved to Denver, assuming charge of large mining interests. The "itch to write" returned, however, and he gave up his work there and returned to the city he loves so well to resume the burdens of authorship. A number of years ago Mr. Nicholson published little books of poems, and last year there appeared from his pen a volume entitled "The Hoosiers." It is a study of the people of his native State and the conditions under which they developed. Mr Nicholson has been a contributor to the high-class Eastern magazines and newspapers. SUNDAY EXCURSIONISTS ENJOYED THE FINE WEATHER.

Indianapolis Appeared in a Pretty Spring Garment for the Inspec-

tion of All.

Yesterday was an ideal day for the excursionists to Indianapolis. Those from other cities who came to spend the day with relatives and friends or merely journeyed to Indianapolis with a Sunday excursion fad were favored with cool and pleasant weather. It was not one of the hot, sweltering days that Sunday excursionists are generally forced to endure. The "young chaps" from towns on the "main line" who have been coming to Indianapolis on Sunday excursions since the fad was first inaugurated were not forced from a matter of custom to wander aimlessly about town with cambric handkerchiefs tucked about their necks. John Mitchell Harper Ordained Grace Pro-Cathedral. At Grace Pro-Cathedral, yesterday morn-

The Rev. H. S. Musson, rector of Holy Innocents Church, asisted Bishop Francis as chaplain during the administration of the rite. The choir of Holy Innocents Church joined with that of the Pro-Cathedral. The sermon was preached by the Rev. John E. Fulger, rector of St. Stephen's Church, Terre Haute. It was expressive of the duty, the responsibility and the glory of the ministry. It had for its theme how God. in Christ, reconciles the world to Him through the Christian ministry. The young deacon was graduated from De Pauw University several years ago. He lately was graduated from the General Theological Seminary, New York, and for the present he will be attached to the Pro-Cathedral rectory.
